Checklist For Application:

- Copy of Detailed Dated Invoice(s) Specifying the Quantity and Price of all Materials Purchased, Date Ordered, Installation Costs and Applicable Taxes.
- Equipment Specifications
- Completed Application including Pre-app Worksheet and Rebate Calculation Table

By participating in the Glencoe Rebate Program, you can save energy and earn a rebate when you install type II electric car chargers. If your project does not fit one of the descriptions below, please contact Energy Management Solutions, Inc. to determine if your project qualifies for a custom rebate.

What products are eligible for the rebate?

The following equipment is eligible for the Renewables Rebate.

Electric Car Charger

Level II (240V) Charging Port

What rebate can I earn?

Electric Car Charger	Level II Commercial	\$500 / port
Electric Car Charger	Level II Residential	\$250 / port

What are the benefits of renewable projects?

Electric car chargers provide power for electric vehicles. Utilizing Level II electric chargers allows for faster and more efficient charging of electric vehicles.

COMPLETE THESE 5 EASY STEPS TO GET YOUR REBATE

Commercial Residential

STEP 1: CUSTOMER INFORMATION (please print clearly)

Customer/Company Name _____
