OR

Energy Management Solutions, Inc.  
PO Box 255 Excelsior, MN 55331

Phone: (952)-767-7450  
Fax: (952) 556-9171

#### Application Checklist

- Pre-Approval Prior to Installation
- A Copy of the Dated Invoice(s) including Description of Service Performed
- Detailed Calculation of Annual Demand Savings
- Equipment Specifications
- Completed Application

By participating in The Glencoe Light & Power Commission, Business Custom Rebate Program, you save energy and earn a rebate when you purchase and install energy efficient equipment or take other measures to reduce your energy consumption.

**Custom Rebates require pre-approval.**

### What Are Examples of Projects That Could Qualify for a Custom Rebate?

Some examples of projects that could qualify for Custom Rebates are:

- ✓ Non-prescriptive lighting
- ✓ Refrigeration technologies
- ✓ Air Compressors
- ✓ Insulated freezer doors
- ✓ Ammonia compressors
- ✓ Variable speed drives > 200 hp

### What Rebate Can I Earn?

Custom Projects: **\$0.04/kWh**

Custom LED Lighting: **\$0.04/kWh**

Tinted Window Film: **\$2/sq ft**

Custom Rebates are determined on a case-by-case basis and are based upon energy savings.

### How Do I Learn More About Whether my Project Qualifies for a Custom Rebate?

To find out if your project qualifies for a Custom Rebate, please contact Energy Management Solutions, Inc. **Custom Rebates must be preapproved.**

### Rebate Criteria & Description

- Must describe both *existing and proposed* pieces of equipment including make/model, efficiency rating, and wattage in rebate application.
- All projects with potential rebates above \$5,000 must be approved by utility prior to commencement of the project.
- Equipment must be new to qualify.
- Old equipment must be removed and disposed of properly/not installed elsewhere to qualify.
- Must include copies of project invoices, including labor costs and ALL required documentation.

# SMART ENERGY: REBATES

## 2025 Business Custom Rebate

### How do I Qualify?

- The Custom Rebate Program is available to the Glencoe Light & Power Commission, business customers.
- **Custom rebates require pre-approvals.**
- Glencoe Light & Power Commission reserves the right to inspect installations before issuing rebates and to perform a random verification audit of your project. If the application is found to not comply with rules and qualifications, any rebate amount may be adjusted. Projects with rebate payments over \$5,000 require on-site verification.
- Customer must apply for rebate within one year of purchasing equipment. The purchase date is the date shown on the customer's invoice.
- Estimated annual kW and kWh savings must be entered in the table on the Rebate Application and must match detailed calculation submitted with rebate.
- Invoices and specifications must accompany rebate application.
- Rebate paid cannot exceed 50% of the project cost. Maximum annual rebate dollars per customer will not exceed \$25,000.
- Rebate requests are processed on a "first-come first-served" basis. Annual rebate funds are limited and payouts could be paid over several years. Rebate program qualifications and amounts are subject to change at any time. The customer is responsible for checking with the Glencoe Light & Power Commission to determine whether the program is still in effect.
- Qualifying customers must apply for rebate by *November 30, 2025*.
