- Completed Application
- Must be Energy Star Rated
- EF > 2.0 (Check to make sure Heat Pump qualifies)
- Sign Application

By participating in The Glencoe Light & Power Commission Rebate Program, you can discover ways to save energy and earn a rebate when you purchase a Qualified Heat Pump.

What Rebate Can I Earn?

2 Size Categories for Heat Pump Water Heaters (HPWH)

Qualifying units with Energy Factor of 2.0 or higher

HPWH Less than or Equal to 55 gallons = \$150

HPWH greater than 56 gallons = \$300

Fun Fact About HPWH Efficiency:

HPWHs' can be as high as **3x** more energy efficient over traditional methods (electric & natural gas) & is on average 19% of total household energy use!

How do I Qualify?

- Must have an E.F (Energy Factor) of 2.0 or higher.
- Customers receiving electric service from The Glencoe Light & Power Commission are eligible for a rebate when they purchase a qualified heat pump water heater.
- Information on rebate application must match information on receipt/ invoice exactly.
- The program is applicable only for the purchase of new equipment, for installation in new or replacement applications where the electricity is supplied by The Glencoe Light & Power Commission.
- Customer must apply for rebate within one year of the purchase date shown on the sales receipt.
- Rebate applications must include complete contractor and equipment information with a copy of dated sales receipt/invoice including manufacturer, model number, serial number; specifications including EF (Efficiency Factor). Incomplete rebate applications will not be processed.
- Rebate requests are processed on a "first-come first-served" basis and rebate funds are limited. Rebate programs, qualifications, and amounts are subject to change at any time. The customer is responsible for checking with The Glencoe Light & Power Commission to determine whether program is still in effect.
